By signing below, I acknowledge that this is an educational setting with services performed by stylists of various levels of experience. A consultation will be provided with the advisement of an educator. The main purpose of being a model for this class is for the stylist in training to evolve in the craft of hairdressing, trying new and innovative techniques to become more skilled. Because of the nature of this service any follow-up appointments will be charged at full salon rates. There are no refunds for model fees. We will however aim to provide you with the same high quality customer service that we provide to every client of Reframe Hair Gallery.

Thank you for participating, *we hope you have an outstanding experience!*
